

GREAT FOREST FIRES WIP OUT OF TWO MINNESOTA TOWNS

Beaudette and Spooner Are Reported to Have Been Destroyed by Fires in Rainy River Country

MANY LIVES LOST; MILLIONS OF DOLLARS DAMAGE DONE

Right-of-way of Railway Striven With Corpses, Over One Thousand People Homeless and Destitute

Port William, Oct. 8.—A special despatch to a local paper from Beaudette, about two hours' ride from here on the Canadian Northern railway, says the fire leaped across the river from the town of Rainy River last night, in which lives were lost.

The most disastrous forest fire in the history of Northern Minnesota and Western Ontario, visited this vicinity last night in which lives were lost and millions of dollars worth of property destroyed.

The fire started at about half past eight in the town of Rainy River, and by six o'clock it had reached Beaudette and Spooner.

C. N. R. Men Enroute to Rescue. "The Canadian Northern railway sent an engine and fifty empty box cars to the relief of the stricken town, and in fifteen minutes the train was enroute to the scene of the disaster, and everybody that could reach the depot were made on the Canadian side, and everybody that looked as if they were going out of the fryn came from Beaudette to the town of Rainy River.

In several places, the Red Cross and the Canadian Northern railway have sent men to the scene of the disaster, and the Canadian Northern railway has sent men to the scene of the disaster.

Beaudette and Spooner were entirely consumed, the company having lost one hundred and fifty million feet of sawn lumber. They had great difficulty in saving their things and saw mills.

CRIME IS ON THE INCREASE IN WESTERN CANADA, HE SAYS

Commissioner Peary, Head of the Royal Northwest Mounted Police, Declares Horse Stealing is Increasing Much More Prevalent—Dawson Patrol Made Record—Believed to Be Established to Protect the Wood Bison in the North

Horse stealing throughout the west is much more prevalent now than formerly, and crime in general has increased during the last year, says Commissioner Peary.

Such was the statement made this morning by Commissioner Peary, of the R.N.W.M.P., at a public meeting in the city of Edmonton.

Commissioner Peary arrived in the city this morning from Regina for the purpose of inspecting the Edmonton detachment of the R.N.W.M.P.

Questioned as to the probable reason for the increase in crime, the commissioner could give no explanation beyond the fact that the population of the west is increasing, and that the crime should increase correspondingly.

"In regard to horse stealing," he said, "I am not so sure as to whether it is a real increase or whether the men are catching more of the horse thieves than they formerly did. At any rate, our records show a large increase."

He said that the increase in crime is done in Southern Alberta, where it is easy for a crook to steal a couple of horses from a ranch, and get away with them.

Commissioner Peary received a telegram from the coast stating that a detachment of the R.N.W.M.P. had reached Athabasca Landing in the north.

He said that the detachment was sent to the coast for the purpose of protecting the wood bison, which is becoming scarce in that section.

He said that the detachment was sent to the coast for the purpose of protecting the wood bison, which is becoming scarce in that section.

NO QUARANTINE FOR PARALYSIS

Medical Health Officer Will Take Steps to Prevent Spread of Dread Infectious Disease

"Infantile paralysis is an infectious and most terrible disease. I am surprised to hear that there have been a number of cases in the city. While there is nothing in the Provincial Health act calling on medical men to report such cases, I will ask the doctors of the city to report all cases, and I propose to quarantine for the day."

Dr. T. H. Whitely, medical health officer of the city, who last night returned from the east after a month's absence, thus expressed himself to the Bulletin this morning.

The period of quarantine, the medical officer said, would be from two to three weeks. Infantile paralysis is a most terrible disease, and complete recovery took place in a very small percentage of cases.

Dr. Whitely declared himself to be well pleased with the type of cases. "We have not had the usual large number of cases in September and October. There are only six cases reported in the city. There are other cases in the hospitals, but they have been brought in from other parts of the province."

After attending the international conference on the Public Health Association in Milwaukee Sept. 5-9, and representing Alberta on the national conference in St. Louis, Dr. Whitely will travel through Eastern Canada, visiting the provinces of Ontario, Quebec, New Brunswick, Nova Scotia, and Prince Edward Island.

Dr. Whitely will also visit the provinces of New Brunswick, Nova Scotia, and Prince Edward Island. He will also visit the provinces of New Brunswick, Nova Scotia, and Prince Edward Island.

Providence Made Remarkable Showing at Dry Farming Congress Shows Minister of Agriculture

Mr. Duncan Macleod, minister of agriculture, returned last night from the international dry farming congress, held at Spokane, Wash., on October 7, 8, 9, and 10.

At this congress Alberta delegates secured the greatest number of prizes in the exhibit of grain but in the exhibit of live stock the province won the 12th prize out of the 20 prizes on the grounds.

There were over one thousand delegates present. There were delegates from all the provinces of Canada, and also from the United States, Mexico, and other foreign countries.

Mr. Macleod was accompanied by Mr. J. H. Brown, minister of agriculture, and Mr. J. H. Brown, minister of agriculture, and Mr. J. H. Brown, minister of agriculture.

THE NEW McDOUGALL METHODIST CHURCH
The Opening of Which Will Take Place Early in November.

CANADA SOUGHT AS INVESTMENT FIELD

London Brokers Force a Brisk Demand for Canadian Securities—English Manufacturers Beginning to Waken Up to Canadian Markets.

London, Oct. 7.—In conversation with a London broker this week, the writer was informed that the number of enquiries for Canadian investments was increasing. He attributed this to the fact that a large number of Winnipeg men had been visiting London was summer and paid a high tribute to the good work done by Sanford Evans of Winnipeg.

"Since the departure of Mr. Sanford Evans, Mayor of Winnipeg," he said, "there has been a very general and growing interest in part of the British public in Manitoba and the Western provinces and we have had many inquiries for Western securities. The visit of men like Mr. Evans who are deeply interested in the progress of their particular districts are

very valuable in stimulating the interest of English financial men who are looking for investments in Western Canada. Mr. Evans gave a mine of information to London investors on the growth of the Western metropolis which has been quite a revelation to them."

In commercial circles, the coming international exhibition at Winnipeg is attracting much attention. From the editor of a manufacturing journal who has been collecting statistics of the probable number of exhibits which will be sent from the British Isles, I have it that the collection will be extremely large, eclipsing by far the magnificent British exhibitions which are being made at the Brussels Exposition.

"English manufacturers," he said, are beginning to wake up to the fact that the Canadian market is bound to become one of the largest in the world and I am informed that several of our biggest manufacturers intend to establish branch houses there."

Montreal, Que., October 4.—At the annual meeting of Granby Consolidated today, J. B. F. Herdendorf, G. W. Wooster, William Hamilton, R. E. Nichols and Norrington Fowler were elected directors to succeed Crawford Clark, Jun., J. Langlois, H. L. Higgins and Payne Whitney, resigned.

HEAD CHOSEN FOR NEW NAVAL ACADEMY

B. S. Hartley who is Instructor of Sub-Lieutenants in the British Chosen to the Position.

Ottawa, Oct. 7.—The head of the naval academy which will be opened at Halifax in January will be B. S. Hartley, who gets the appointment on the recommendation of the British admiralty. Mr. Hartley is instructor of sub-lieutenants in the British naval academy at Greenwich and has seen twelve years of service. The post of captain of the college and yard will be filled by Commander Edward H. Martin of the Royal Navy.

The old marine hospital at Halifax is being made over into a marine college to accommodate the cadets. Applications from those desirous of taking competitive examinations for naval cadets close on October 15.

The list of applications is not a large one so that the chance of those who desire to enter the navy of having their ambitions granted is good.

Prevent and Relieve Headache

"It gives me great pleasure to be able to refer to Dr. Miles' Anti-Pain Pills as the best remedy we have yet had in our house for the prevention and cure of headache. My wife who has been a constant sufferer for a number of years with above complaint joins me in the hope that they may fall into the hands of all sufferers."

JOHN BUSH,
Watervliet, Me.

Used Them Four Years.

"Dr. Miles' Anti-Pain Pills are the best I ever tried for the relief of headache. I have used them for nearly four years and they never fail to give me relief. I have tried many other remedies, but have never found any better."

JOSEPH FRANKOWICK,
854 Tremblay Av., Detroit, Mich.
There is no remedy that will more quickly relieve any form of headache than

Dr. Miles' Anti-Pain Pills.

The best feature of this remarkable remedy is the fact that it does not derange the stomach or leave any disagreeable after-effects.

"I can't say your druggist. He should simply say, 'If he does not, send price for one forward please.'"
DR. MILES MEDICAL CO., Toronto.

CONDITIONS ARE NOT AS BAD AS PAINTED Editor Bulletin:

Sir—The reports in the Edmonton press concerning the G.T.P. construction camps west of Edmonton have been very erroneous, but the climax is reached in the appeal to the commissioners of the city of Edmonton to take up the matter with the president of the G.T.P. I feel that a worst defence of the contractors is now in order.

I have been out west amongst these camps for eighteen months, and have lately returned from a trip beyond 500 miles. I found the camps clean, and the meals good enough for any man. I heard no complaint from any man had been locked in the carriages at night, generally amongst a stream of water. The men appeared cheerful and contented.

The only complaint I have heard was about the hospital accommodation, and the complaint is that there are no trained nurses and that, except the different patients do not get proper treatment.

I was in Wolf Creek when the men went through here who had left the

"THE HIGHLANDS" REVIEW

\$6000

Say, what do you think of that? Can any one think for one moment now that EDMONTON is not optimistic. Melba came in on Wednesday and managed to sing a tune of \$6,000 out of us all—well we are satisfied and no doubt she is; but there must be a lot of money idle around the city. Society was there July adorned—people went into ecstasy—numerous ladies wept at the diva's brilliant capabilities and still they were happy.

P.S.—Well we can make you happier and for less money than that by purchasing a lot in "The Highlands." Try it!

MACRATH, HOLGATE & CO.

JASPER AVE. E. EDMONTON

Winnipeg. The most serious complaint they had to offer was that they had been locked in the carriages at Edmonton where they had intended to disembark.

In reference to the sickness in the camps I feel sure that if you will inquire of the medical staff on the grade, medical gentlemen who think nothing of traveling day and night to visit the camps, and may be met constantly traveling to minister to the men's wants, you will find that the amount of sickness is far below the average.

It has been my pleasure and duty to attend to visiting large numbers of men both in H. M. navy and the mercantile marine, and I am prepared to prove that the food served to the men in the camps on the G.T.P. con-

struction work is as good if not better than that supplied, not to the men but to the commissioned officers of H. M. navy and the British mercantile marine. There are some men who would like automobile waiting at the track end to take them to their work, but I am sorry to say that the government have not yet provision the roads for this luxurious mode of travelling. I could supply you with a list of names of men who have worked on the grade all the summer, have taken a trip to Edmonton for the fair, etc., and have returned to their work here, but it is not these men whom the press hears about.

In conclusion let me state that I am not writing this at the request of any one in any way influenced by any of the contractors. Since I have been

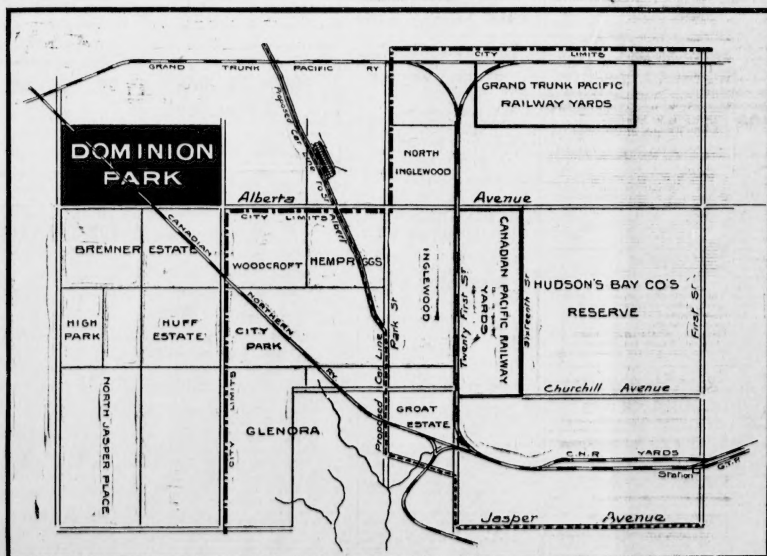

out West I have had on several occasions to stand up for the men to the contractors. I am now simply asking for justice to all concerned. Yours truly,

W. LEWIS HALL,
Postmaster, Wolf Creek

Wolf Creek, Oct. 8th.

KILLED BY A GIRL.

San Francisco, Oct. 7.—Quido Bares, aged 19, was shot and fatally wounded in front of a local hotel early today, dying two hours later. Edna Wilson, a young girl employed in a dance hall, confessed at the emergency hospital, where she went to take a last look at Bares, that she had shot him, although Bares, who was then on the operating table, attempted to protect her by denying her statement. Jealousy is supposed to have caused a quarrel between the two that led to the shooting.

SOME GOOD FEATURES

The Property is situated on Alberta Avenue. Is on the borders of the city limits. The St. Albert Electric Railroad will soon be in the vicinity. A twenty-minute drive from P.O. will land you on the property.

AROUND THE CITY

LOCAL

L. E. Carter, committed to the Edmonton penitentiary from Milledon on a charge of assault nine months ago, was deported to the United States this morning. He will be escorted to the American boundary by J. C. Deschê, chief immigration officer at Winnipeg, and there set at liberty. Carter was sentenced to two years.

Powell & Lines this week disposed of two large blocks of farm land to eastern capitalists. They sold 5,000 acres east of Beaver lake for \$15 an acre to Toronto capitalists and 5,000 acres in the laky district on the C. N. R. at \$12 an acre to other eastern interests.

Herbert E. Thomson, silver medalist of the College of Pharmacy, of Manitoba, will open a drug store at 1162 First street, opposite Heimick, near the new market, on October 15.

An organization meeting of the board of governors of Alberta College was held last evening. The members present were: L. E. Carter, R. P. P. Red Deer; G. W. Smith, Red Deer; Rev. A. A. McBride, Wetaskiwin; J. Deschê, P. W. W. Chaves, P. E. Butchart, W. T. Henry, A. T. Cushing and Dr. Hildell, Edmonton. The officers of the board were re-elected as follows: Judge Taylor, chairman; P. E. Butchart, secretary; and W. T. Henry, treasurer. Supper was served to the board and the college faculty at the conclusion of the meeting.

Mrs. W. H. Griffith, 705 Fifth street, will receive on the 10th and 11th of the month.

SUNDAY BAND CONCERT.

The Citizens' Band will give a Sunday afternoon concert in the bandstand, College avenue, tomorrow, at 2:30 o'clock. The following is the programme: March, "Coronation"; Overture, "The Mill in the Forest"; (Edinburgh); Overture, "Poet and Peasant"; (English); Overture, "Sweet and Low"; (Barbary); reverie, "William Tell"; (Mills); "God Save the King".

TEMPERANCE MEETING.

The Sunday afternoon meeting held at the Orpheum Theatre, under the auspices of the Temperance and Moral Reform League, is doing much to educate the people in matters of temperance. An interesting address has been arranged for tomorrow's meeting. Miss Lillian H. Clarke, of the First Baptist Church choir, will sing "Life's Recompense." The MacDougall Methodist Orchestra will play several selections. A short address will be given by the Rev. H. E. Gordon, Northman. W. E. Higgin will take the chair.

ENLARGING COUNCIL.

The work of the council of United Aids has grown to so large an extent that the council has decided to enlarge the council and work from a necessary and the council have let a contract for an extension which will give a sewing room 24x22 feet in addition to office, council room, etc.

The labour exchange in connection with the Aids is meeting with gratifying success. No change is made. More than 1,000 situations have been found for women and youths during the present year.

PRESIDENT TAFT

ENDORSES Y.M.C.A.

United States President William H. Taft, on a recent trip to lay the corner stone of a new Association building at LaCrosse, Wis., in speaking of the good work done by the Y.M.C.A., said: "I would not be doing my duty as a citizen if I did not bear witness to the good work that the association is doing. All the while the good work done is a factor that is recognized by every fair-minded citizen."

Chas. H. Hunter, of Cedar Rapids, Ia., who gave to the Y.M.C.A. of that city swimming pool and bath, in writing, said recently: "More than 1,000 boys have learned to swim in the association's pools and the association's work is a source of great satisfaction."

Cleveland H. Dodge, of the Queen Copper Mining Company, El Paso, Texas, when speaking of the Y.M.C.A. campaign in that city, said: "I want to express my approval of the good work the association is doing. In all the large cities the work is a great one among the floating population."

Thomas P. Parker, president of the Monmouth Mills, Greenville, S.C., said: "The Y.M.C.A. is deserving of every effort of the public. In our city, in appreciation of the good work done, we have made an increase in the amount donated yearly by our company."

"I am glad to declare my belief in the advantages of having a Y.M.C.A. in an industrial community," said Judge Gray, chairman of the board of directors of the United States Steel Corporation. "An association helps up men and therefore increases their efficiency."

These are comments which will be read with a great deal of interest in view of the forthcoming campaign to be conducted by the Edmonton Y.M.C.A. in an effort to raise \$25,000, to be devoted to building the new building and to the extension and alteration of the plant and power house. The plan is to be to be increased to 60 feet in length, which will make it the largest in Canada. It is anticipated that the appeal to be made by the association will meet with a general response on the part of the business men and others of the city. The complete report of the committee is continuing for six days.

JUDGE DECIDES TO

SEE FRASER HIMSELF.

(Continued from Page One.)

In cross-examination that a lot of drinking went on in Fraser's home prior to January. He had seen two gallons of whisky in one week. He said Johnston had, on the night of the murder, taken up the telephone and preventing the marriage.

Mr. Crowe submitted papers showing that John Fraser's estate, amounting to \$145,717, had been left accepted. This covered the plaintiff's case.

For the defence, Dr. Baker, M.D., who had known Fraser for twenty-eight years and had attended him at intervals declared that he had noticed no change in his condition except what was incident to old age.

Dr. Spohn, Penticton, B.C., who had seen Fraser last Sunday, and was unable to detect any change, except that he looked older and was stiffened up with rheumatism.

Dr. Brennan, Penticton, B.C., gave similar evidence.

Dr. James Russell, Hamilton, had visited Fraser on January 11, and again on July 1 last, and found him changed for the better on the latter occasion. He was much more clean and tidy in his general appearance, his conversation was brighter and his physical condition improved.

Best Wife on Earth.

Thomas Chas. Midland, an old friend of the Fraser family, testified that he had had business dealings with Michael and had found him a very sharp and able to look after himself. Three weeks ago he had a conversation with the old man, who talked very sensibly. There was nothing to indicate unsoundness of mind.

He remarked, "I have the best wife on earth. She reminds me so much of my mother." And then he had talked to Mrs. Fraser, who said she was trying to prevent him from taking drink, while he thought he should have some.

The case was adjourned until Friday, when the medical experts on both sides will be heard. Mr. Justice Britton said he would certainly see Fraser, but it would not be at his home in Midland.

TENDERS.

TENDERS will be received for the erection of a frame stone building up to Saturday, at noon, the 15th last. Lowest or tender not necessarily accepted.

H. A. MAGOON, Architect, Credit Foncier Building.

Watching Your Watch

Is a tedious job and likely to become an awkward habit caused by the mechanism being out of order. It can be easily repaired. We only want to add that our watches are daily equipped in stock, in every kind of trouble. This is the only watch. That's all. Think it over.

ASBESTOS REIGNS

This is the Asbestos Age. Demand far exceeds supply.

It is a proven fact that Wyoming asbestos fields have the greatest deposits discovered to the present time in the world, practically inexhaustible, also quality the best. International Company controls 90 per cent. of all the asbestos in the States. International Company's stock advancing rapidly, the ground floor price was 16 cents, advanced July 1910 to 15 cents per share, October 6th advanced to 25 cents, and since just received that the indications are, for another advance November 1st to 30 cents per share. Also first dividend to be paid about January 1st, 1911. We want our investors to be thoroughly satisfied as to the reliability of this company, and the men who are at the back of it. Have your last banker ask the Dun or Bradstreet Agencies (Denver office) for a rating on us, write to the First National Bank of Denver, Colorado, or use any other method you desire, but investigate us. Send us your order today and if after thirty days you find that the standing of the company or the worth of the holdings is any other better than we have represented, we will cheerfully refund every cent you have paid. We have been making this statement unhesitatingly and competently since the first share of stock was offered for sale and we have yet to receive the first demand, "My money back." Waterbury's

UNIVERSITY SITE

ACCEPTED AT 'PEG

F. W. Heubach's Office of a Free Pro-

cess in Tuxedo Park Beyond the

Western Suburb of the City is Ta-

king Up.

Winipeg, Oct. 7.—After protracted

discussion lasting until nearly mid-

night, the university board decided

to accept F. W. Heubach's offer of a

free site in Tuxedo Park, beyond the

western suburb of the city. Heu-

bach's offer has a condition attach-

ing a deposit of twenty thousand

dollars which will be forfeited and

revert to the donor "if the

buildings of a certain value are not

erected within a set time limit.

A motion to postpone acceptance

until the government is consulted,

moved by Thomas Taylor, M.P., was

voted down 22 to 19. Ed. Brown

and E. T. Hyler urged that their

honor was involved in raising the

Heubach agreement.

Taylor's amendment is "interesting

in view of the fact that he is a prominent

supporter of the government,

which recently bought a large tract

of 200 acres, fronting south of the

city, presumably for a university and

agricultural farm purposes.

"It is pointed out that if the govern-

ment made a good bargain, the

commission could repudiate the

Heubach site by payment of the ac-

quisition value, has an offer from

OFFICIALS OF MILLING CO.

J. W. Pike Returns From the Board

and New Directors Are Chosen.

Montreal, Oct. 5.—J. W. Pike has

returned from the board of the Laid

of the Woods Milling Company, and

Mr. Alexander Simpson, who has been

elected in his place, W. H. Hutchin-

son being elected vice-president in

place of Senator Mackay, who stays

on the directorate. The following

board was elected: Robert McNeill,

Robert H. Ford, C. V. Hastings, Ab-

ner Kinnison, Hon. Robert Mackay,

R. H. Hutchison, Alexander Simpson,

W. H. Hutchison, P. H. Mc-

Neill.

CALDER

A FUTURE HIVE OF INDUSTRY

Boasting a Corporation—with the name of West Edmonton the value of the property materially enhanced since its inception — containing 45 DWELLINGS, 3 STORES, 3 CHURCHES, 1 SCHOOL and a modern and complete TELEPHONE SERVICE.

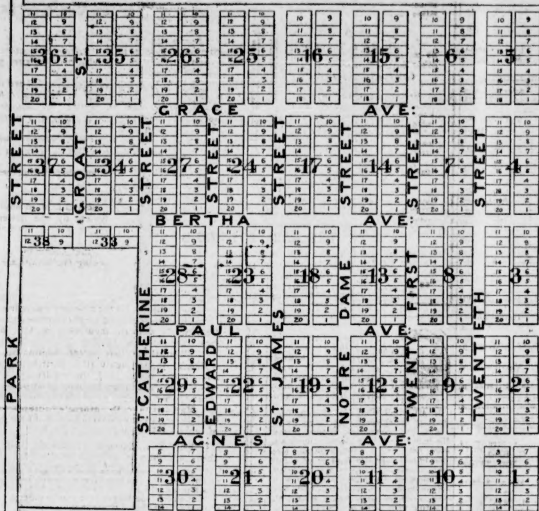

CALDER

Can rear its head and claim observation from any Investor who desires a property that will be safe buying with a positive assurance of increased value within a short time. The G.T.P. shops are adjoining the sub-division and guarantee a pay roll of several hundred men.

Think this proposition over carefully. CALDER lots are selling now at \$175 and \$225 for corners. Out of an original 644 lots when this desirable property was offered to the public, there are only about 150 left. This is ample justification for our assurance of its futurity, and optimism concerning its future value.
